AUTHORITY: 44 U.S.C. 3507(a)(1)(D).

SUPPLEMENTARY INFORMATION: This ICR seeks approval under the PRA for revisions to the Regulations Containing Procedures for Handling of Retaliation Complaints information collection. The OSHA administers and enforces a number of provisions in various Federal laws and regulations prohibiting retaliatory action by an employer against an employee who is believed to have reported a possible violation of those laws or regulations, or who otherwise engages in an activity protected specified by an anti-retaliation provision. Any person may file a complaint alleging the employer violated these protection provisions with the OSHA for investigation. This ICR has been classified as a revision, because it seeks OMB approval to implement a revised whistleblower complaint form, titled "Notice of Whistleblower Complaint," Form OSHA

8-60.1. The Web-based form enables submitting whistleblower complaints directly to the OSHA 24-hours a day. Additionally, the revised form includes interactive features that make it easier to understand and complete. The revised form also provides information about worker protections enforced by other agencies, in order better to direct complainants to the proper investigative agencies.

This information collection is subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless it is approved by the OMB under the PRA and displays a currently valid OMB Control Number. In addition, notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of information that does not display a valid Control Number. See 5 CFR 1320.5(a) and 1320.6. The DOL obtains OMB approval for this information collection under Control Number 1218-0236. The current approval is scheduled to expire on July 31, 2016; however, the DOL notes that existing information collection requirements submitted to the OMB receive a month-to-month extension while they undergo review. New requirements would only take effect upon OMB approval. For additional substantive information about this ICR, see the related notice published in the Federal Register on February 17, 2016 (81 FR 8103).

Interested parties are encouraged to send comments to the OMB, Office of Information and Regulatory Affairs at the address shown in the ADDRESSES section within thirty (30) days of publication of this notice in the Federal Register. In order to help ensure appropriate consideration, comments should mention OMB Control Number 1218-0236. The OMB is particularly interested in comments that:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Enhance the quality, utility, and clarity of the information to be collected; and
